LUVATA

Experts ready to help

Luvata has unrivalled experience in welding products, processes and metallurgy. We help our customers overcome the challenges they face from welding new materials such as aluminium, to product design and operations on site. We already have a broad product portfolio and are available to discuss your specific needs.

Our product brands

A-Trode® resistance-welding electrodes
by **LUVATA**

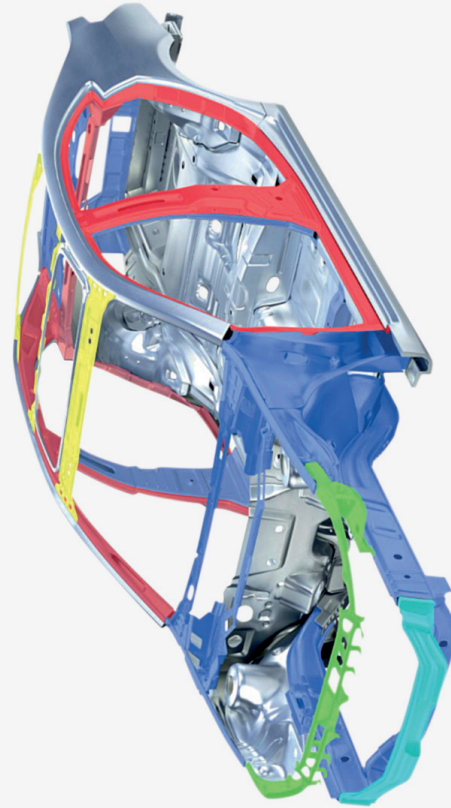

Nitrode® resistance-welding electrodes
by **LUVATA**

H-Trode™ resistance-welding electrodes
by **LUVATA**

Z-Trode® resistance-welding electrodes
by **LUVATA**

Experience and solutions for every weld

Luvata can provide products and solutions for every automotive weld involving every available alloy. Discuss your challenges with us.

- Aluminium
- Heavy coated steel
- High-strength steel
- Very high-strength steel
- Ultra high-strength steel

Automotive welding solutions

Resistance welding electrodes

The world's leading global supplier of welding electrodes to the automotive industry with a footprint on four continents

Projection welding electrodes

Our Kova™ projection-welding electrodes provide a long-life alternative to CuCrZr and CuCoBe

Welding accessories

We offer a wide range of customer-specific long-life welding consumables

Spatter reduction

We have a proven track-record in the elimination of spatter and its associated costs

Technical expertise

Our unique technical support will help solve all of your welding issues
